

# Product Release Notes

Dear GreenRoad Customer,

We are excited to announce the latest GreenRoad release and to introduce the new features we've added to the GreenRoad Drive™ app.

Our latest mobile release incorporates the following new features:

- **Fleet Elite badges for Fleet Elite drivers**
- **Additional search functionality for managers in the Leaderboard**

## Fleet Elite badges for Fleet Elite drivers

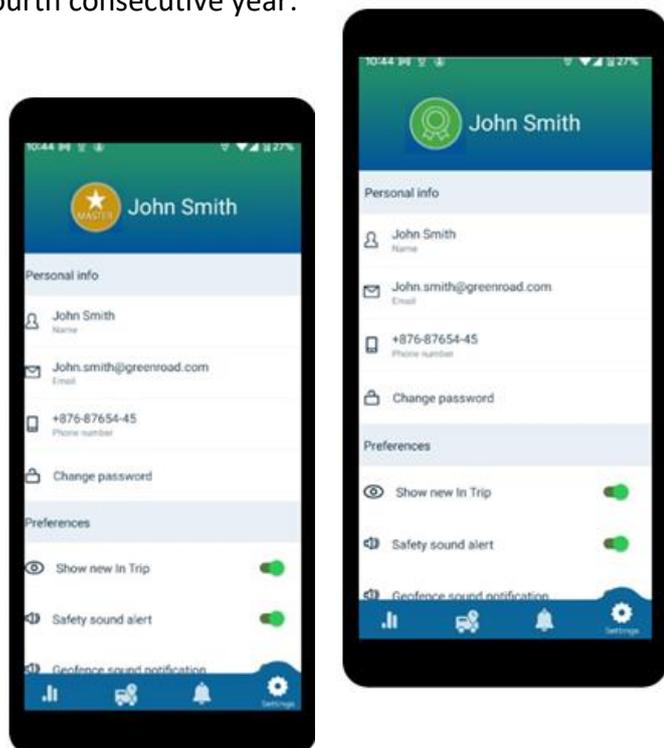

The Fleet Elite Program recognizes exceptional drivers based on their performance. To become a fleet elite driver, drivers should maintain a Safety score of 5 (or less) while accumulating 500 or more driving hours throughout the year.

In this update, we're introducing a new feature for honoring exceptional driving performance.

As part of the Fleet Elite Program, your Fleet Elite drivers will now see Fleet Elite badges displayed within the app, a constant acknowledgment and reinforcement of their achievement.

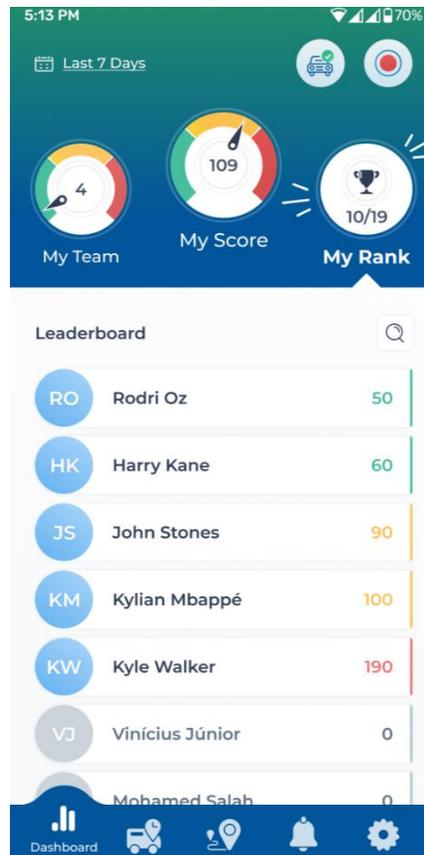

Every eligible Fleet Elite driver will receive a badge icon, with the color of the badge indicating their Fleet Elite status:

1. **Green** badges will be given to drivers with Green Fleet Elite status: that is, drivers who are in their first year of being recognized as Fleet Elite drivers.
2. **Silver** badges will be given to drivers with Silver Fleet Elite status: that is, drivers who have achieved Fleet Elite status for the second consecutive year.
3. **Gold** badges will be given to drivers with Gold Fleet Elite status: that is, drivers who have earned Fleet Elite recognition for the third consecutive year.
4. **Master** badges will be given to drivers with Master Fleet Elite status: that is, drivers who have been honored as Fleet Elite for the fourth consecutive year.

## Additional search functionality for managers in the Leaderboard

The Leaderboard view now contains a search button that allows managers to easily track specific drivers from the full team list:

Thank you for choosing GreenRoad!

We look forward to supporting your journey towards safer and more efficient driving.
